is a combination of on-the-job training (OJT) and related classroom instruction. This enables the employee to gain practical work experience and learn the theoretical aspects of a highly skilled occupation. Apprenticeship programs are

sponsored by joint employer and labor groups, individual employers, or employer associations. In addition, they are designed to meet state and federal regulations, and are registered with the New Hampshire Apprenticeship Council.

*Registered Youth Apprenticeship* is an opportunity for youth in their final years of high school to begin a registered apprenticeship program in the occupation of their choice.

The advantages of participating in an apprenticeship program are many.

- Over 800 occupations may be learned.
- Wages can be earned while still in high school.
- Helps establish a career ladder.

- Learning relates to the job.
- You will get a long-term commitment from your employer.
- You can continue your education beyond high school.
- Your wages will increase as you learn a skill.
- Apprenticeship training skills are recognized throughout the world, providing unlimited employment opportunities.
- Supervisory positions and even business ownership are real options for the future.

For more information, talk to your guidance counselor, or an apprenticeship coordinator at your nearest NH Employment Security Office.
